MANAGEMENT INFORMATION CIRCULAR

(the "Corporation")**

**Management Information Circular dated December 12, 2024
for the Annual General Meeting to be held on January 23, 2025**

PROXIES

Solicitation of Proxies

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of Titan Logix Corp. for use at the annual general meeting of shareholders (the "Meeting") to be held at 4130 – 93rd Street NW, Edmonton, AB at 9:00 A.M. (Edmonton time) on Thursday, January 23, 2025 and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting. Unless the context otherwise requires, when this Management Information Circular refers to the Corporation, its subsidiaries are also included. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Corporation. All costs of solicitation will be borne by the Corporation.

Appointment of Proxies

The persons named in the enclosed form of proxy (the "Management Proxyholders") are officers or directors of the Corporation.

A SHAREHOLDER, HAS THE RIGHT TO APPOINT A PERSON OTHER THAN A MANAGEMENT PROXYHOLDER, WHO NEED NOT BE A SHAREHOLDER, TO REPRESENT YOU AT THE MEETING. TO EXERCISE THIS RIGHT YOU SHOULD INSERT THE NAME OF YOUR REPRESENTATIVE IN THE BLANK SPACE PROVIDED ON THE FORM OF PROXY AND STRIKE OUT THE NAMES OF THE MANAGEMENT PROXYHOLDERS OR SUBMIT ANOTHER APPROPRIATE PROXY.

A proxy will not be valid unless the completed proxy is received by Computershare, Proxy Department, 8th floor, 100 University Avenue, Toronto, ON M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment, unless the Chair of the Meeting elects to exercise his discretion to accept proxies received subsequently. Only holders of common shares (the "shareholders") of record at the close of business on December 12, 2024 or duly appointed proxyholders will be entitled to vote at the Meeting, unless that shareholder has transferred any shares subsequent to that date and the transferee shareholder, not later than 10 days before the Meeting, establishes ownership of the shares and requests that the transferee's name be included on the list of shareholders.

The form appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by an authorized officer or attorney of the corporation.

Voting of Shares - Advice to Non-Registered Shareholders

The information set forth in this section is of significant importance to you if you do not hold your shares in your own name. Only shareholders whose names appear on the records as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. If shares are listed in your account statement provided by a brokerage firm through which you purchased the shares (such as a bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans) or clearing agency such as The Canadian Depository for Securities Limited (CDS & Co.), (in each case, the "Nominee"), then in almost all cases those shares will not be registered in your name. Such shares will likely be registered under the name of the Nominee. Without specific instructions, a Nominee is prohibited from voting your shares.

Applicable securities regulatory policy requires a Nominee to seek voting instructions from you in advance of the Meeting. Each Nominee has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your shares are voted at the Meeting. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications ("Broadridge"). Broadridge mails a Voting Information Form ("VIF") instead of the form of proxy. You are asked to complete and return the VIF to them by mail or facsimile or exercise the voting instructions described on the form of VIF. Alternately, you can vote your shares using the telephone or internet. If you receive a VIF from Broadridge it cannot be used as a proxy to vote shares directly at the Meeting as the proxy must be returned to Broadridge in advance of the Meeting in order to have the shares voted.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the VIF or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation permits the Corporation to forward meeting materials directly to "non objecting beneficial owners". If the Corporation or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you; and (ii) executing your proper voting instructions.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you attend personally at the Meeting, you may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by an authorized officer or attorney of the corporation. To be effective the instrument in writing must be deposited either at the Corporation's head office, or with Computershare, Proxy Department, 8th floor, 100 University Avenue, Toronto, ON M5J 2Y1, at any time up to and including the last business day before the day of the Meeting, or any adjournment of the Meeting, at which the proxy is to be used, or with the Chair of the Meeting on the day of the Meeting, or any adjournment. **Only registered shareholders have the right to revoke a proxy. Non-registered shareholders who wish to change their vote must, at least 7 days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

Exercise of Discretion by Proxy

Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **If you do not provide instructions and you have appointed one of the Management Proxyholders as proxyholder, your shares will be voted by the Management Proxyholder in favour of the matters as set out in the form of proxy and in favour of all other matters proposed by management at the Meeting.** The persons appointed under the form of proxy are conferred with discretionary authority with respect to amendments of the matters specified and with respect to any other matters which may properly be brought before the Meeting or any adjournment. At the time of printing of this management information circular, management is not aware of any amendments.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS AND INTEREST OF CERTAIN PERSONS AND COMPANIES IN MATTERS TO BE ACTED UPON

Other than as described herein, management is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any person who has been a director or executive officer at any time since the beginning of the last financial year, of any proposed nominee of management of the Corporation for election as a director, or of any associates or affiliates of any of these individuals, in any matter to be acted on at the Meeting other than the election of directors.

Other than as disclosed herein, no informed person of the Corporation, no proposed nominee for election as a director, or any associate or affiliate of such persons, has any material interest, direct or indirect, in any transaction since the commencement of the Corporation's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries.

Under this policy, a director who is elected in an uncontested election of directors with more votes withheld than cast in favour of his or her election will be required to submit an offer of resignation to the Chair of the Executive Compensation and Corporate Governance Committee. The Corporate Executive Compensation and Governance Committee will consider the resignation and make its recommendation to the Board on whether the resignation should be accepted. At the Meeting, Shareholders will also be asked to approve the appointment of the Corporation's auditors for the ensuing fiscal year. STATEMENT OF EXECUTIVE COMPENSATION

Executive Compensation Discussion and Analysis

The members of the Executive Compensation and Corporate Governance Committee consist of Victor Lee, Helen Cornett, Robert Tasker and Grant Reeves, all of whom are considered to be independent. Each member of the Executive Compensation and Corporate Governance Committee has experience in senior management positions and is knowledgeable in executive compensation practices for the region and industry in which the Corporation operates. The Executive Compensation and Corporate Governance Committee also encourages every member of the Board to actively participate in discussions relating to executive compensation, and full Board approval is required for the Chief Executive Officer's compensation. The Executive Compensation and Corporate Governance Committee makes recommendations regarding executive compensation to the full Board for review and approval. The Board considers the implications of the risks associated with the Corporation's compensation policies and practices when determining rewards for its officers and directors. The Committee has responsibility for reviewing the adequacy and form of the Corporation's compensation program for the executive officers and non-employee directors and the compensation plans in effect or proposed for the Corporation's employees. The Executive Compensation and Corporate Governance Committee is responsible for reviewing executive compensation and making recommendations to the Board, reviewing stock option guidelines and specific option grants and reviewing and communicating to the Board the compensation policies and principles to be applied to other executives and employees of the Corporation. If, in order to properly discharge its functions, duties and responsibilities, it is necessary, in the opinion of the Executive Compensation and Corporate Governance Committee, that the Executive Compensation and Corporate Governance Committee obtain the advice and counsel of external advisors, the Chair of the Committee shall, at the request of the Executive Compensation and Corporate Governance Committee, engage the necessary advisors. No compensation consultant or advisor has, at any time since the beginning of the Corporation's most recently completed financial year, been retained to assist in determining compensation for any of the Corporation's directors or executive officers.

The Board has adopted a written charter that sets forth the responsibilities of the Executive Compensation and Corporate Governance Committee and gives the committee the authority to retain independent legal, accounting or other relevant advisors as it may deem necessary or appropriate to allow it to discharge its responsibilities at the expense of the Corporation.

The Executive Compensation and Corporate Governance Committee annually reviews the Corporation's compensation arrangements. When reviewing the compensation, the Executive Compensation and Corporate Governance Committee considers the following objectives: (i) recruiting and retaining the executives critical to the success of the Corporation and the enhancement of shareholder value; (ii) providing fair and competitive compensation; and (iii) rewarding performance based on individual performance and with respect to the business in general. The compensation of the Executives is primarily comprised of base salary, incentive awards and stock options. The program is designed to provide goal congruence between the compensation program and the Corporation's strategic plan and budget. Base salary is determined by taking into consideration local market conditions, employment opportunities and employee performance and skill levels. The Corporation does not benchmark its executive compensation program but from time to time does review compensation practices of companies of similar size and stage of development to ensure the compensation paid is competitive within the Corporation's industry and geographic location while taking into account the financial and other resources of the Corporation.

Annually, upon the approval of the Corporation's strategic plan an incentive program is established for the executive officers. Executive officers are rewarded for the achievement of objectives benefiting the Corporation in the short and long term. The objectives of the incentive program include key performance milestones of the Corporation's strategic plan and budget. In granting incentive awards, the Executive Compensation and Corporate Governance Committee considers certain quantitative and qualitative criteria integral to the Corporation's short and long-term goals including the position of the executive officer and his/her personal performance. The payment of any incentive awards or bonuses is subject to the discretion of the Executive Compensation and Corporate Governance Committee and the CEO who ensures particular performance criteria have been satisfied. The Corporation currently has no long-term incentive plans for executive officers other than stock options granted under the provisions of the Option Plan (defined and described below). The Option Plan allows executive officers to participate in the growth and development of the Corporation and aligns their interest with the interests of the Shareholders. Vesting conditions may include key performance milestones of the Corporation's strategic plan and budget.

The Corporation has not adopted a formal policy prohibiting Named Executive Officers ("NEOs") or directors from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities of the Corporation granted as compensation or held, directly or indirectly, by Named Executive Officer or director. As of the date of this Management Information Circular, the Corporation is not aware of any Named Executive Officer or director having entered into such type of transaction.

Pension Plan Benefits

The Corporation does not have a registered pension plan that provides for payments or benefits to the Named Executive Officers at, following, or in connection with retirement. The Corporation does provide the opportunity for contributions to a group RRSP.

Stock Options and Other Compensation Securities

The Corporation does not currently have any additional share-based award plans other than those issued pursuant to the Option Plan. Directors and executive officers are eligible for grants of stock options under the Corporation's existing Option Plan. The Option Plan is administered by the Board. The Option Plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to enable the Corporation to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance. In determining the number of options to be granted to the executive officers, the Board takes into account the executive's total compensation package, the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX-V, and closely align the interests of the executive officers with the interests of shareholders.

Termination of Employment Arrangements

The employment agreements for all NEOs provides for severance in the event of termination without cause.

The employment agreement for Nicholas Forbes, CEO, provides for severance as follows: (i) at any time during the first twelve months of employment, by providing two months notice or pay in lieu of that notice (or a combination of both) consisting of two month's prorated annual base salary; plus an amount equal to 15% of two month's annual base salary to compensate for loss of benefits and perquisites; (ii) at any time after the completion of twelve months of employment, by providing four months prorated annual base salary, plus one additional month for each full year of service thereafter, as notice or pay in lieu of that notice (or a combination of both); plus an amount equal to 15% of the total prorated annual base salary calculated to compensate for loss of benefits and perquisites. If, as of August 31, 2024, the Corporation terminated the employment agreement, other than for just cause, Mr. Forbes would have been entitled to receive approximately \$95,833 based upon an amount equal to two month's salary, compensation for loss of benefits, in addition to amounts owed for accrued vacation.

The employment agreement for Michael Martin, CFO, provides for severance as follows: (i) at any time during the first six months of employment, by providing four weeks annual base salary; plus an amount equal to 15% of four weeks annual base salary to compensate for loss of benefits and perquisites; (ii) at any time after the completion of six months but before the completion of twelve months of employment, by providing three month's annual base salary; plus an amount equal to 15% of three month's annual base salary to compensate for loss of benefits and perquisites; and (iii) at any time after the completion of twelve months of employment, by providing three months of annual base salary, plus one month for each full year of service thereafter; plus an amount equal to 15% of the total prorated annual salary calculated to compensate for loss of benefits and perquisites. In the event of a change in control of the Corporation, by means of acquisition, resulting in termination without cause, the employment agreement provides for severances in the amount equal to twelve months annual base salary. If, as of August 31, 2024, the Corporation terminated the employment agreement, other than for just cause, Mr. Martin would have been entitled to receive approximately \$48,875 based upon an amount equal to three month's salary, compensation for loss of benefits, in addition to amounts owed for accrued vacation.

Stock Option Plan

The Corporation's stock option plan (the "Option Plan") is its only equity compensation plan. The shareholders of the Corporation approved the adoption of the Corporation's Option Plan by resolution dated January 17, 2003. Amendments to the Option Plan were approved by shareholders of the Corporation on January 19, 2015 in order for the Option Plan to continue to be fully compliant with all the then policy provisions of the TSX Venture Exchange ("TSX-V"). The objective of the Option Plan is to provide for and encourage ownership of common shares of the Corporation by its directors, officers, key employees and consultants and those of any subsidiary companies so that such persons may increase their stake in the Corporation and benefit from increases in the value of the common shares. The Option Plan is designed to be competitive with the benefit programs of other companies in the industry. It is the view of management that the Option Plan is a significant incentive for the directors, officers, key employees and consultants to continue and to increase their efforts in the Corporation's operations to the mutual benefit of both the Corporation and such individuals.

Approval of 2024 Amended and Restated Stock Option Plan

The Corporation is proposing to replace the current Option Plan with an amended and restated stock option plan (the "Amended and Restated Plan") in substantially the form attached as Schedule "A". The Amended and Restated Plan is substantially the same as the Option Plan and does not increase the number of listed shares issuable pursuant to the Option Plan; however, the Amended and Restated Plan allows for the exercise of stock options on a cashless and net exercise basis and contains other amendments to modernize the rights of option holders of the happening of certain corporate events and to ensure compliance with TSX-V Policy 4.4 – *Security Based Compensation* ("Policy 4.4") which was implemented by the TSX-V on November 24, 2021. In addition, these amendments are expected to assist the Corporation in attracting and retaining top talent.

The Board of Directors of the Corporation approved the adoption of the Amended and Restated Plan by a directors' resolution dated effective November 22, 2024. The Amended and Restated Plan was conditionally approved by the TSX-V, subject to the approval of the disinterested shareholders of the Corporation in accordance with Policy 4.4. As a result, and assuming such approval is obtained, the Option Plan will be of no further force and effect and all options and stock option agreements issued under the Option Plan will be deemed to be issued under the Amended and Restated Plan and henceforth governed under the Amended and Restated Plan.

The new Policy 4.4 allows for, among other things, the option and ability for option holders to exercise stock options on both a cashless exercise and net exercise basis. Pursuant to the Amended and Restated Plan, under a cashless exercise, a brokerage firm will loan money to an eligible person under the Amended and Restated Plan to purchase common shares underlying the options and will sell a sufficient number of common shares to cover the exercise price of such options in order to repay the loan made to the eligible person. The eligible person retains the balance of the common shares. Under a net exercise, an eligible person under the Amended and Restated Plan would receive common

shares equal in value to the difference between the exercise price and the fair market value of the common shares on the date of exercise, computed based on the 5-day volume weighted average price of the Corporation's listed shares, in accordance with the Amended and Restated Plan. In accordance with Policy 4.4, the Amended and Restated Plan also clarifies that option limits are based on the number of options exercised, not the number of shares issued. Additionally, eligible persons must comply with tax withholding obligations and any procedures or policies prescribed by the Corporation.

Other amendments to the Option Plan represented in the Amended and Restated Plan include adjustments to the treatment of options during significant corporate events, such as amalgamations, mergers, or changes in control, allowing for the conversion of Net Exercise Rights into securities, property, or cash equivalent to what would be received if the options had been exercised immediately prior to the event. Additionally, the Amended and Restated Plan allows for the conversion of such options or Net Exercise rights notwithstanding any contingent vesting provisions. Further provisions have been added to the Amended and Restated Plan to accelerate the vesting or waive vesting conditions for unvested options upon a sale of all or substantially all of the Corporation's assets or if the Corporation experiences a Change of Control (as defined by the Policy 4.4), subject to approval by the TSX-V. The Amended and Restated Plan further clarifies that options may be exercised in connection with a Takeover Bid, notwithstanding any contingent vesting provisions to which such Options may have been subject to. The Amended and Restated Plan clarifies that, except for adjustments related to a security consolidation or split, any adjustments to options under the Amended and Restated Plan require prior TSX-V approval. This includes adjustments related to corporate events such as amalgamations, mergers, reorganizations, spin-offs, dividends, or recapitalizations, ensuring compliance with Policy 4.4. Some definitions have also been adjusted to more closely align with the Policy 4.4 and related definitions.

The Amended and Restated Plan provides the Board with full discretion to determine the vesting terms for each stock option granted, including partial or full vesting based on time or other conditions. However, options granted to investor relations service providers must vest in stages over more than 12 months, with no more than 25% vesting in any three-month period. Additionally, under the Amended and Restated Plan, the Board may also accelerate vesting or waive conditions for unvested options, subject to TSX-V approval, except for options granted to investor relations service providers, which requires prior written approval from the TSX-V.

Other significant terms of the Amended and Restated Plan are summarized as follows: The Amended and Restated Plan is administrated by the Board, or if appointed by the Board, a special committee of directors (the "Committee"). The Committee administers the Option Plan on behalf of the Board and in accordance with such terms and conditions as the Board may prescribe. The Committee has full authority to interpret and administer the Amended and Restated Plan, including the authority to adopt, amend, rescind such rules and regulations relating to it, as it may deem necessary in order to comply with the TSX-V requirements or the Amended and Restated Plan. In the absence of the appointment of a Committee by the Board, the Board administers the Amended and Restated Plan with the foregoing authority.

The Amended and Restated Plan provides for a maximum of 3,000,000 Common Shares of the Corporation to be reserved, set aside, and made available for issuance. This maximum includes the 1,350,000 Common Shares already reserved in respect of stock options previously granted and outstanding under the Corporation's prior Option Plan. Accordingly, the remaining number of Common Shares available for issuance under the Amended and Restated Plan is 1,650,000 Common Shares. All options are granted under the Amended and Restated Plan by means of an agreement and include the following terms:

- a) the number of common shares to which the option pertains;
- b) the date of grant;
- c) the term, provided that the length of the term shall in no event be greater than ten years following the date of grant, subject to an automatic extension if a blackout period applies;
- d) the option price;

- e) any vesting schedule and other vesting conditions, if any, upon which the exercise of an Option is contingent;
- f) if the optionee is an employee, consultant or management corporation employee, a representation by the Corporation and the optionee that the optionee is a bona fide employee, consultant or management corporation employee, as the case may be, of the corporation or a related corporation; and
- g) such other terms and conditions as the committee, or Board, deem advisable and are consistent with the purposes of the Amended and Restated Plan.

The Board, as applicable, has complete discretion to set the terms of any vesting schedule and any other vesting conditions for each option granted, including without limitation, discretion to permit partial vesting in stated percentage amounts based on the term of such option; and permit the full vesting after a stated period of time has passed from the date of grant; provided that, with respect to options issued to persons retained to provide Investor Relations Activities, such options must vest in stages over a period of more than twelve months, with no more than one quarter of the options vesting in any three month period.

Options may be granted to any eligible person. Eligible persons for security based compensation are defined within the Amended and Restated Plan to include include: (a) employees, senior officers, or directors of the Corporation or its subsidiaries; (b) management corporation employees; (c) consultants or consultant companies; and (d) companies wholly owned by individuals who qualify under these categories. In accordance with Policy 4.4, the grant of an option under the Amended and Restated Plan is subject to the following limitations:

- a) disinterested shareholder approval is required if, within a twelve month period or at any point in time, the total Security Based Compensation granted to Insiders as a group exceeds 10% of the issued and outstanding shares, calculated as of the grant or issuance date, unless disinterested shareholder approval is obtained and TSX-V requirements are met;
- b) no more than 5% of the issued and outstanding shares may be granted or reserved for allotment to any one Eligible Person (or Companies wholly owned by such person) within a twelve month period or cumulatively at any point in time, unless disinterested shareholder approval is obtained and TSX-V requirements are met.;
- c) no more than 2% of the issued common shares may be granted to any one consultant in any twelve month period (calculated at the date of grant of the option) unless disinterested shareholder approval is obtained and TSX-V requirements are met;
- d) no more than 2% of the issued common shares may be granted to all persons employed to provide, or whose duties primarily consist of, investor relations activities in any twelve month period, calculated at the date of grant of the option;
- e) Options granted to United States residents or individuals working in the United States can only be issued as incentive stock options if those individuals are employees of the Corporation.

The Amended and Restated Plan has been updated to clarify that, in accordance with Policy 4.4, a four-month TSX-V hold period applies to options granted to insiders, consultants, or at a discount to market price, starting from the grant date. Additionally, the Corporation is required to issue a news release for any grant, issuance, or amendment of options or other security based compensation involving Insiders, investor relations service providers, directors, or officers, explicitly disclosing the applicable hold period.

Any option granted under the Amended and Restated Plan (or net exercise rights in respect thereof) may be exercised by an eligible person or, if applicable, the legal representatives of an eligible person by giving written notice to the Corporation at its principal place of business (the "Notice"). The Notice shall specify the method of exercise, the number of common shares with respect to which the Option is being exercised. The Notice shall be accompanied by full payment (cash or cheque payable to the Corporation) of the entire option price (determined in accordance with the Stock Option Agreement) for the number of common shares specified in the Notice, unless the net exercise rights are exercised.

The Board may terminate, suspend or amend the terms of the Amended and Restated Plan, subject to the restriction that certain amendments may not be made without the approval of the shareholders of the Corporation, (including amendments to increase the aggregate number of shares which may be

issued under the Amended and Restated Plan; materially modify the requirements as to eligibility for participation in the Amended and Restated Plan; or materially increase the benefits accruing to participants under the Amended and Restated Plan). The Board may amend the terms of the Amended and Restated Plan to comply with the requirements of any applicable regulatory authority, to correct typographical errors, or as a result in the changes in the policies of the TSX-V relating to incentive stock options, without obtaining the approval of the Corporation's shareholders, provided such amendments comply with Policy 4.4.

Further, the Amended and Restated Plan includes that in the event of the death of an optionee, options held by the deceased may be exercised (subject to any restrictions on vesting or exercise) by their legal representative until the earlier of one year from the date of death or the original expiry date of the options, after which any unexercised options will terminate. If an optionee ceases to be employed or engaged by the Corporation due to disability, the options exercisable immediately prior to termination may be exercised by the optionee or their legal representative within 90 days (or 30 days if the optionee was engaged in investor relations activities), after which any unexercised options will terminate. If the optionee dies during this period, the legal representative may exercise the options within one year of the date of death or by the original expiry date, whichever is earlier. If an optionee ceases to be employed or engaged by the Corporation for reasons other than just cause, death, or disability, the options exercisable at the date of termination may be exercised within 90 days, or until the original expiry date if earlier. Termination for just cause results in immediate cancellation of all options.

The following table sets forth information with respect to compensation plans under which equity securities are authorized for issuance as at the end of the most recently completed financial year:

Plan Category	Number of Common Shares to be Issued Upon Exercise of Outstanding Options	Weighted-Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans
Equity compensation plans approved by security holders	1,350,000	\$0.50	1,650,000
Equity compensation plans not approved by security holders	Nil	Nil	Nil
Total	1,350,000	\$0.50	1,650,000

Policy 4.4 requires disinterested shareholder approval for the amendments of the nature included in the Amended and Restated Plan, including where an amendment results in a benefit to an Insider (as defined in the policies of the TSX-V). The amendments reflected in the Amended and Restated Plan, including those providing for cashless exercise or net exercise rights and those amending the rights of the option holder upon the occurrence of certain corporate events, could be seen as a benefit to Insiders. Accordingly, the disinterested shareholders of the Corporation will be asked to consider and if thought fit, approve an ordinary resolution of disinterested shareholders approving and adopting the Amended and Restated Plan as the Corporation's stock option plan. In order for the resolution approving and adopting the Amended and Restated Plan to be effective, it must be approved by the affirmative vote of a majority of the votes cast in respect thereof by shareholders present in person or by proxy at the Meeting, excluding the votes, if any, cast by persons that hold or will hold the stock options in question and are receiving the benefit, as well as the Affiliates and Associates (as defined in the policies of the TSX-V) of such persons. As of the date of this Management Information Circular, Nicholas Forbes, Chief Executive Officer and Michael Martin, Chief Financial Officer hold options as described above in the notes to the table entitled "Compensation Securities" under the heading Stock Options and Other Compensation Securities, and Doug Watt, Chief Product Officer (350,000 options), Robert Tasker, Director (50,000 options), and Victor Lee, Director (50,000 options) also hold options. In

the absence of contrary direction, the Management Proxyholders intend to vote proxies in the accompanying form in favour of this ordinary resolution.

The text of the ordinary resolution which will be placed before the Meeting for the approval of the Amended and Restated Plan is as follows:

“BE IT RESOLVED as an ordinary resolution that:

- 1. the amended and restated stock option plan of the Corporation in substantially the form attached as Schedule “A” to the Management Information Circular dated December 12, 2024, (the “Amended and Restated Plan”) be and is hereby ratified, approved and adopted as the stock option plan of the Corporation;**
- 2. the form of the Amended and Restated Plan may be amended in order to satisfy the requirements or requests of any regulatory authorities without requiring further approval of the shareholders of the Corporation;**
- 3. all issued and outstanding stock options previously granted under the current stock option plan (the “Option Plan”) of the Corporation are hereby continued under and governed by the Amended and Restated Plan;**
- 4. the shareholders of the Corporation hereby expressly authorize the Board of Directors to revoke this resolution before it is acted upon without requiring further approval of the shareholders in that regard; and**
- 5. any one (or more) director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things (whether under corporate seal of the Corporation or otherwise) that may be necessary or desirable to give effect to this ordinary resolution.”**

Unless otherwise directed, it is the intention of the Management Proxyholders to vote proxies in favour of the resolution approving the Amended and Restated Plan.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Corporation's practices comply with the guidelines; however, the Board considers that some of the guidelines are not suitable for the Corporation at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices which disclosure is set out below.

Board of Directors

The Corporation's Board of Directors currently consists of four directors, all of whom are independent based upon the tests for independence set forth in NI 52-110.

Participation of Directors in Other Reporting Issuers

No existing directors are also directors of other reporting issuers.

Chair of the Board

Grant Reeves is the Chair of the Board.

Board Mandate

The Board of Directors adopted a written mandate in order to facilitate its exercise of independent judgment in carrying out its responsibilities.

The Board of Directors Mandate contains a position description for the Chair of the Board and the Board has adopted a position description for the CEO. The Board has not adopted written position descriptions for the Chairs of its two committees, being the Audit Committee and the Executive Compensation and Corporate Governance Committee. The Board considers that the written charters of each of these committees sufficiently outline the roles and responsibilities of the Chairs of each committee.

Orientation and Continuing Education

While the Corporation does not have formal orientation and training programs, the Executive Compensation and Corporate Governance Committee has the responsibility for determining appropriate orientation and education programs for new Board members. The committee may periodically select special educational topics for presentation and discussion at Board meetings or seminars, which deal with the business and regulatory environment, new technology and other matters relating to the Corporation's business.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Corporation's operations. Board members have full access to the Corporation's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Corporation and to meet responsibilities to shareholders. The Board has adopted a Code of Conduct for Directors, Officers and Employees (the "Code") that has been circulated to the Corporation's directors, officers and employees and has instructed its management and employees to abide by the Code. A copy of the Code is posted on the Corporation's web site and available to any party who requests a hard copy. A copy has also been filed on SEDAR+ at www.sedarplus.ca.

The Board monitors compliance with the Code. There have been no material change reports filed by the Corporation since the beginning of the Corporation's most recently completed financial year pertaining to any conduct of a director or executive officer that constitutes departure from the Code.

When considering transactions and agreements in respect of which a director or executive officer has a material interest, the director or executive officer in question must disclose in writing the nature and extent of that interest. The transaction and/or agreement will then be considered and, if appropriate, approved by the disinterested directors.

Nomination of Directors

The Executive Compensation and Corporate Governance Committee has responsibility for recommending candidates for nomination, appointment, election and re-election to the Board and its committees; assessing Board performance; and determining appropriate orientation and education programs for new Board members. The Executive Compensation and Corporate Governance Committee assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of companies in or related to the Corporation's industry may be consulted for possible candidates. During 2011, the Executive Compensation and Corporate Governance Committee recommended to the Board for approval the adoption of the Majority Voting Policy as part of its commitment to best practices for corporate governance (see page 6 of this Management Information Circular for a brief summary of the Majority Voting Policy.)

Compensation

The Executive Compensation and Corporate Governance Committee has responsibility for annually reviewing compensation paid to the directors and executives of the Corporation. The committee consists of Victor Lee, Helen Cornett, Grant Reeves and Robert Tasker all of whom are independent directors. In reviewing compensation, the committee considers appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended while taking into account the financial and other resources of the Corporation. The committee considers local market conditions, employment opportunities, and individual performance and skills in determining compensation. The committee also reviews from time to time compensation paid for directors and CEOs of companies of similar size and stage of development. In setting compensation, the committee annually reviews the performance of the CEO in light of the Corporation's objectives and considers other factors that may have impacted the success of the Corporation in achieving its objectives.

Board Committees and Assessments

As part of the assessments, the Board or the individual committees may review their respective mandate or charter and conduct reviews of applicable corporate policies.

Executive Compensation and Corporate Governance Committee

The Executive Compensation and Corporate Governance Committee, in addition to assessing and determining compensation, also monitors developments relating to corporate governance and, if required, proposes to the Board changes to its mandate and corporate governance policy.

The Executive Compensation and Corporate Governance Committee periodically assesses and makes recommendations to the Board concerning: the contribution of the Board, its committees and individual directors; plans for succession of Directors; Board size and Board proceedings over the past year(s).

- 2.2 All members of the Committee must be financially literate, or if not financially literate at the time of their appointments, must become so within a reasonable period of time following their appointments. For the purposes of this Charter, the definition of “financially literate” is the ability to read and understand a balance sheet, an income statement and a cash flow statement. The definition of “accounting or related financial management expertise” is the ability to analyze and interpret a full set of financial statements, including the notes attached thereto, in accordance with International Financial Reporting Standards.
- 2.3 Members of the Committee shall be appointed at the first meeting of the Board of Directors typically held following the Annual General Meeting of Titan.

- Ensure that the meetings' minutes properly reflect the discussions, recommendations and disagreements, if any, and that they are circulated in a timely fashion to the other members of the Committee and to the Board subsequently. The Chair is responsible for reporting to the Board the finding of the Committee.
